

# NOTIFI

## What is it?

Notifi Alerts are an innovative way to deliver real time alerts to consumers through a centralized events hub. As an accountholder, it gives you the ability to manage your finances through scheduled alerts, such as daily balance and weekly transaction summaries.

## How does it work?

Once you sign up for Notifi Alerts, you can:

- Receive consumer account alerts through email, text message, push notification, or secure inbox.
- Receive Treasury Management account alerts through email, text, or secure inbox.
- Determine what kind of alerts you'd like to receive about your account (daily balance, weekly transaction summaries, fraud alerts, low balance warnings, etc.).

## Benefits

---

**Save Time & Money:** Skip your trip to the bank by managing your account right from your phone or computer.

**Convenience:** You no longer have to worry about what your account balance is or wonder when a loan payment will go through. It will all come through Notifi Alerts.

**Security:** You will be notified of any suspicious transactions and activity so that you can ensure your account is secure as it happens, not just when the bank is open.
